

## Local Waters Cruise: Friday – Monday May 18-21

### *“Enjoy the Best of Local Cruising”*

In the Neuse River basin there are many fine anchorages and marinas worthy of a visit. These include Lower Broad Creek / River Dunes Marina and South River. In order to plan an event that best serves your desires and expectations, we need your input. Perhaps you attended the Local Waters Seminar on April 13 and will give us some ideas of your preferences at our skippers’ meeting. We shall try to accommodate the wishes of both those who want to enjoy the peace and tranquility of anchoring out and those who prefer the services of a marina. In the fine tradition of FHYC, nightly “splashes” and frequent BBQs are mandatory.

The planned itinerary will be assembled at the skippers’ meeting in the Activity Center Room 2 at 0900 on Tuesday May 15. Participants, skippers and admirals are welcome to attend.

For anyone would who does not have a functioning boat or is not comfortable in taking their own boat, we shall try to accommodate them on one of the other participating boats. Please indicate this on the sign-up sheet below.

Please provide the attached information if you wish to attend by completing the form or emailing the same information.
